

THE HOSPICE CARE PLAN: A Path to Comfort

When the booklet is presented to the patient and caregivers at admission as the hospice care centerpiece, it:

❖ Improves CAHPS scores

**Based on CAHPS, our employer won the 2022 and 2023
SHP BEST HOSPICE CAREGIVER SATISFACTION AWARD
Top 20% of all hospice companies nationally.**

❖ Decreases triage and after-hours calls

Saving a nurse's time responding to one call pays for at least 20 booklets!

❖ Recruits and educates nurses new to hospice care

FREE 2-hour course hospice video is used with the booklet to orient nurses new to end-of-life care. [▶ Crash Course: Hospice Care Primer](#)

In all settings, THE HOSPICE CARE PLAN is:

- ❖ An easy hands-on workbook for medication and care management.**
- ❖ Simple-to-follow instructions for treating common symptoms.**
- ❖ Time saving for case managers to educate and document.**
- ❖ Supported by over 60 FREE SHORT VIDEOS to guide and educate.**

“Care is Treatment”

***Remember The 4Cs: Is the patient feeling
Calm, Comfortable, Clean and Cared for?***

- Brenda & Nancy

Pilot Project Data

As of May, 2024, The Hospice Care Plan has been trialed by 26 distinct hospice companies. Each company received and used 10 booklets, so this data represents about 250 trials of the booklet. Below are the questions asked in the survey tool along with the percentage result. The participants responded after 4 to 6 weeks.

Did use of The Hospice Care Plan:

1. Create a more individualized care plan?

Yes: 89%

2. Improve symptom management?

Yes: 91%

3. Improve personal care with use of the FREE videos?

Yes: 86%

4. Improve end-of-life conversations and improve preparation for transition and active dying?

Yes: 96%

5. Would you recommend The Hospice Care Plan be added to your admission packet:

Yes!: 97%
